

# Sky Arts Production

**Sky Arts Production is an innovative company that works in areas of modern projects.**

The main focus of the company is on Digital Art and its popularization. We are experts in the field of Viar, Augmented Reality and Mix of Reality, as well as contemporary art.

# Our projects and products

We created a new kind of art, where we combined contemporary painting and music. Our paintings are voiced by copyright music, and the tracks are officially available on Apple Music.

# We created an art project World Brands

We revive the paintings of our artist in Viare  
based on the paintings of Salvador Dali

# We created a comic

We have created our comic strip with our heroes who save the Solar System and travel through it.

At this stage, we are negotiating with Marvel and DC on the possibility of cooperation.

# We are working on a series of children's books about the Solar System

# We created a game for children and adults on the topic of studying the Solar System

# We plan to organize an exhibition about the moon and the legendary Apollo missions

An exhibition about the moon and the landing of a man on the moon, as well as we want to introduce everyone to the plan of future missions of Artemis, as well as a series of lectures at the State Universities of Ukraine on this topic.

# Video Production
